About Our Client

Established in 2015, this client aims to create exceptional jewelry, blending traditional and modern trends with a custom Shopify jewelry portal.

Their Challenges & Our Solutions

With a strong focus on remarkable growth, the client wanted us to develop a website with responsive architecture, boost onsite trust and credibility, and increase customer engagement and acquisition.

Team e intelligence developed a user-friendly website using Shopify to fulfill their needs and generate higher value in their business. Our web solutions enabled them to increase their revenue drastically in a very short span of time.

Technologies Used

Shopify, WordPress, MySQL, HTML/ CSS, JavaScript, and jQuery.
