What Chris did for me was amazing, I've been trying to get out of the situation I was in for the last 10 years to be told by every other company I have tried that they couldn't help. Chris persevered and managed to do the absolute impossible and finally get me a mortgage deal that was right for me. What Chris has done is literally life changing for me, I will never go anywhere else.

I started my career in financial services with Yorkshire Bank in 1997. Prior to this, I had a number of part time jobs at Argos, Burger King and a local care home, although my first ever employment was doing a milk round and getting up at 4.30am for £16 per week!

After leaving Yorkshire Bank in 2007, I joined William H Brown estate agents where I had my first experience of being a broker and having to deal with all lenders and getting use to different rules on affordability and criteria. I then started my self,

Shared Ownership

Many people are finding it increasingly difficult to get started on the property ladder. With the combination of high property prices and mortgage lenders asking for a minimum of a five percent deposit, many prospective home buyers may feel defeated before they start to view properties. The Shared Ownership Scheme allows you to buy a home even if you cannot afford all of the deposit and mortgage payments for a home that meets your needs.

Right to Buy

Right to Buy is a scheme that allows most council tenants, as well as some housing association tenants, to buy their council property at a discount. If you have been living in your council property for at least three years, it's likely that you will have the opportunity to purchase your home at a discounted price. For many, this is a better long-term option than renting and so there is a discount applied to the purchase price, this means no deposit is required to purchase your own home.

Bad Credit

If you are worried about bad credit stopping you from getting a mortgage, know that we have helped hundreds of people find a lender and get approved, even those who have previously been bankrupt. There are various types of credit issues that can impact you being approved for a mortgage. These can range from late payments on a credit card to a default on a mobile phone bill, through to more serious CCJs (county court judgements) and a previous Possession or Bankruptcy.

A holiday let mortgage will allow you to purchase a property that will be let out to paying holidaymakers, whilst also allowing you to personally use it as a holiday home each year. As the demand for short-term lets surge, there has potentially never been a better time to purchase a holiday let property. A holiday let mortgage is not to be
